

## SAINT-GAUDENS MEMORIAL

### Concert Series Sponsorship

Bringing enriching, high-quality programs to the Upper Valley is a primary mission of the Saint-Gaudens Memorial, the nonprofit partner of the Saint-Gaudens National Historical Park in Cornish, New Hampshire. We present seasonal concerts, exhibitions, fellowships, and other educational programs that celebrate the arts past and present.

Since 1952, we have offered a summer concert series on the grounds of the Saint-Gaudens National Historical Park. Carrying on the tradition of Augustus Saint-Gaudens, who held concerts for his family and friends, these concerts are among the most popular events at the park, often drawing several hundred visitors. The program of eight Sunday afternoon concerts during the season offers diverse musical genres and family-friendly performances.
